

CLEANING SOLUTIONS — FOR FLAWLESS BAKING

FIN CLEAN

FINES

FAST AND AUTOMATED CLEANING PROCESS

FIN-DOSE SYSTEM

-20 h
 -40 %

With FIN-DOSE, a bakery saves 40 % of water and 20 hours of work every month.

Every professional oven is the heart of a bakery – and to keep it performing flawlessly, regular and effective cleaning is essential. FINES offers a complete range of cleaning solutions – powder, tablets, and liquid – with an innovative dosing system that meets every need of the modern bakery.

Main advantages:

- Up to 100 % more cost-efficient than traditional systems.
- Up to 2 × 365 days of use without replacement.
- Scheduled cleaning – set by time and day for total convenience.
- Adjustable intensity levels (Low, Mid, High) – based on the level of dirt.
- ECO – reduced heating power for lower energy consumption.
- Quiet automatic operation – no interruptions during work.
- Night Cleaning – extended cycle using only 0,1 % detergent for greener operation.

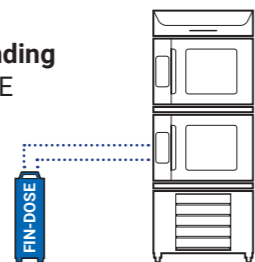

Ideal for:

- High-frequency bakeries
- In-store baking and supermarket bakeries
- Industrial bakeries
- Users seeking lower energy use, less manual work, and greater automation
